## SURGICAL MARKERS

**Item Name :** Viscot Precision Surgical Skin Markers  
Fine/Regul

**Item Code :** 1400-100

**Description :** Vismarksurgical skin markers are designed to allow the surgeon to conveniently demarcate selected sites, prior to or during surgical procedures with scrub-resistant, non-toxic, highly visible, gentian violet-colored solution. Eliminating the messiness and inconvenience of using cotton-tipped swabs dipped in marking dye, sterile Vismark Surgical Skin Markers produce ultra fine, fine, medium and broad lines, with high visibility on skin surfaces during surgical procedures. The special grooved barrel on the Vismark also ensures secure grip while marking. The accompanying ruler in each pack, permits accurate measurement (marked metrically and in inches), and provides a straight line while having the flexibility to conform to all body contours.

**Item Name :** Precision Surgical Skin Markers  
Fine/Regular Steri

**Item Code :** 1400L-100

**Description :** Vismarksurgical skin markers are designed to allow the surgeon to conveniently demarcate selected sites, prior to or during surgical procedures with scrub-resistant, non-toxic, highly visible, gentian violet-colored solution.
